Contents of Volume 17, 1997

Volume 17 Number 1 January 1997

REFEREED PAPERS

Managing a microsatellite development programme within the university environment
Arnold Schoonwinkel and Garth W. Milne (Stellenbosch, South Africa) 1

Organisational change: kinetic theory and organisational resonance
David J. Hall (Maldon, Essex, UK) 11

International patenting and national technological specialization
Raffaele Paci, Antonio Sassu and Stefano Usai (Italy) 25

Commercialisation of university technology: a case in robotics
Jillian MacBryde (Glasgow, UK) 39

Volume 17 Number 2 February 1997

REFEREED PAPERS

Strategic career development for R&D professionals: lessons from field research
Koen Debackere, Dirk Buyens and Tine Vandenbossche (Belgium) 53

Technology origins of foreign-owned firms in Ohio
Asim Erdilek and Milton A. Wolf (Cleveland, OH, USA) 63

R&D complexity in UK subsidiaries of manufacturing multinational corporations
James H. Taggart (Glasgow, Scotland) 73

Automation in the workplace: an Australasian perspective
Stuart C. Orr (Caulfield East, Australia) 83

Consumer judgement of the quality of informal sector products. Lessons for innovative micro-entrepreneurs
Wanjau wa Kabecha (Nairobi, Kenya) 91

Volume 17 Number 3 March 1997

REFEREED PAPERS

Linking technological innovations to strategic needs
Terry Hill and Roy Westbrook (London, UK) 109

The relative contributions of foreign technology and domestic inputs to innovation in Chinese manufacturing industries
Xielin Liu (Beijing, China) and R. Steven White (Kobe, Japan) 119

Inventions and patents at universities: the case of Chalmers University of Technology
J. Torkel Wallmark (Gothenburg) 127

The role of external technical support in the innovation performance of scientific instruments firms: empirical evidence from New York State
Alan D. MacPherson (Buffalo, USA) 141

Technology decision making in organisations
M. O. Ilori and I. A. Irefin (Ile-Ife, Nigeria) 153

Volume 17 Number 4 April 1997

REFEREED PAPERS

Management control of biomedical research and pharmaceutical innovation
S. W. F. Omta, L. M. Bouter and J. M. L. van Engelen (The Netherlands) 167

Principle of manufacturing: a proposed new concept
Akira Kobayashi (Tokyo, Japan) 181

Implementing the new product development process
John Bessant and David Francis (Brighton, UK) 189

Integrating continuous improvement and innovation into a corporate culture: a case study
Zahir Irani and John M. Sharp (Salford, UK) 199

Informal networking
Andreas Pyka (Augsburg, Germany) 207

Volume 17 Number 5 May 1997

REFEREED PAPERS

Process reengineering in the public sector: learning some private sector lessons
Arie Halachmi (Twente, The Netherlands) and Tony Bovaird (Birmingham, UK) 227

Manufacturing extension centers and private consultants: collaboration or competition?
Eric S. Oldsman (Belmont, MA, USA) 237

Campus companies and the emerging techno-academic paradigm: the Irish experience
Ray Kinsella and Vincent McBrierty (Dublin, Ireland) 245

The discipline of management of technology, based on considerations related to technology
Anders Drejer (Aalborg, Denmark) 253

Telecommunication rates and territorial aggregations
Domenico Campisi (Rome, Italy) and Carlo Tesauro (Naples, Italy) 267

Volume 17 Number 6 June 1997

REFEREED PAPERS

Fostering technical entrepreneurship in research communities: granting scholarships to would-be entrepreneurs
Bjørnar Reitan (Trondheim, Norway) 287

Technology, manufacturing performance and business performance amongst Australian manufacturers
N. B. Beaumont and R. M. Schroder (Caulfield East, Australia) 297

Intersector technology cooperation: hard myths, soft facts
Eliezer Geisler (Whitewater, WI, USA) 309

Quality policies and value creation strategies in Italian manufacturing industry
Lionello Negri (Rome, Italy) and Massimiliano Galli (Milan, Italy) 321

Manufacturing reorganisation at Varian Australia: a case study on value-added management
Amrik S. Sohal (Caulfield East, Australia) 329

Volume 17 Number 7 July 1997

REFEREED PAPERS

New venture scholarship versus practice: when entrepreneurship academics try the real thing as applied research
Karl Vesper (Washington, USA) and Ed McMullan (Calgary, Canada) 349

Technological capability assessment as an input for strategic planning: case studies at Electricité de France and Electricity Generating Authority of Thailand
H. Panda and K. Ramanathan (Bangkok, Thailand) 359

The emerging role of lean infrastructures in technology transfer: the case of the Innovation Plaza project
Giovanni Azzone and Paolo Maccarrone (Milan, Italy) 391

INDUSTRIAL VIEWPOINT

Preliminary results from a market analysis of the two-stroke combustion engine industry
N. Wahla, D. Tither, W. Ahmed and D. Whitaker (Manchester, UK) 403

Volume 17 Number 8 August 1997

REFEREED PAPERS

Tools for technology management: an academic perspective
T. Brady, H. Rush, M. Hobday, A. Davies (Brighton, UK), D. Probert (Cambridge, UK) and S. Banerjee (Glasgow, UK) 417

Process innovation in small firms: case studies on CNC machine tools
Nicholas S. Vonortas and Lan Xue (Washington, DC, USA) 427

Indigenisation and technological change at the firm level—the case of the black and white TV picture tube
V.P. Kharbanda and Ashok Jain (New Delhi, India) 439

Environmentally friendly products: factors that influence their adoption
Seema Bhate and Kevin Lawler (Sunderland, UK) 457

EDITORIAL

Harwell's new business centre
Ian Guy 467

Volume 17 Number 9 September 1997

REFEREED PAPERS

Innovativeness of Polish enterprises in the initial period of system transformation
Jerzy Baruk (Lublin, Poland) 477

Science parks and university–industry interaction: geographical proximity between the agents as a driving force
Conceição Vedovello (Lisbon, Portugal) 491

Are venture capitalists firefighters? A study of the influence and impact of venture capital firms
Öystein Fredriksen (Linköping, Sweden), Christer Olufsson (Uppsala, Sweden) and Clas Wahlbin (Jönköping, Sweden) 503

Pilot your organization using cash flow planning with frequent feedback
Stig Ottosson (Halmstad, Sweden) 513

The role of the private sector in the promotion of young entrepreneurship in Nigeria
May Ifeoma Nwoye (Benin, Nigeria) 521

Volume 17 Number 10 October 1997

REFEREED PAPERS

Design and innovation in successful product competition
Robin Roy and Johann c.k.h. Riedel (Milton Keynes, UK) 537

Innovation and the materials resolution
Felix H.A. Janszen (Rotterdam, The Netherlands) and Marc P.F. Vloemans (Amsterdam, The Netherlands) 549

Strategic advantages of good supplier relations in the Indian automobile industry
Anshuman Khare (Kyoto, Japan) 557

Capability development and management of R&D professionals in a developing context, Taiwan
Ta-Cheng Hsiao (Kaohsiung, Taiwan) 569

Computerised parts traceability: an implementation case study
Amrik S. Sohal (Caulfield East, Victoria, Australia) 583

Volume 17 Number 11/12 December 1997

REFEREED PAPERS

Insights into the nature of technology diffusion and implementation: the perspective of socio-technical alignment
Alfonso H. Molina (Edinburgh, UK) 601

Channels of R&D spillovers: An empirical investigation of Swiss firms
Najib Harabi (Olten, Switzerland) 627

Essentials of international and joint R&D projects
A. Gunasekaran (Uxbridge, UK) 637

An examination of the literature relating to issues affecting the human variable in just-in-time environments
Damien J. Power and Amrik S. Sohal (Caulfield East, Australia) 649

Measuring and optimizing the input technical effectiveness and efficiency of production processes by means of the linear programming method
Benito Romeo Donini and Giancarlo Barbiroli (Bologna, Italy) 667

Technology policy between 'diversity' and 'one best practice'—A comparison of Korean and German promotion schemes for new production technologies
Sunyang Chung (Seoul, South Korea) and Gunter Lay (Karlsruhe, Germany) 675

Integrating the costs of a manufacturing IT/IS infrastructure into the investment decision-making process
Z. Irani, J.-N. Ezingeard and R. J. Grieve (Uxbridge, UK) 695

Technology support and financing system for development and commercialisation—Perspectives in India
Pawan Sikka (New Delhi, India) 707

Engineering economy studies on the production of non-alcoholic beverages from some tropical crops
M. O. Ilori and I. A. Irefin (Ile-Ife, Nigeria) and A. A. Adeniyi (Ilesa, Nigeria) 715
